

Ward Refurbishment Kendray Hospital Barnsley

Project requirement

A full refurbishment of a recently closed ward at Kendray Hospital that included the stripping out and removal of existing and redundant building services. Our remit was to modify and extend new building services in guidance with supporting a 'fit for purpose' layout of a new Cardio-Respiratory Rehabilitation Unit.

CPS Involvement

We were the main mechanical contractor providing heating, plumbing and ventilation requirements to a special needs unit which consisted of 12 new en-suite rooms, lounge and welfare facility's.

CPS were commissioned as a preferred nominated mechanical contractor.

Timescale

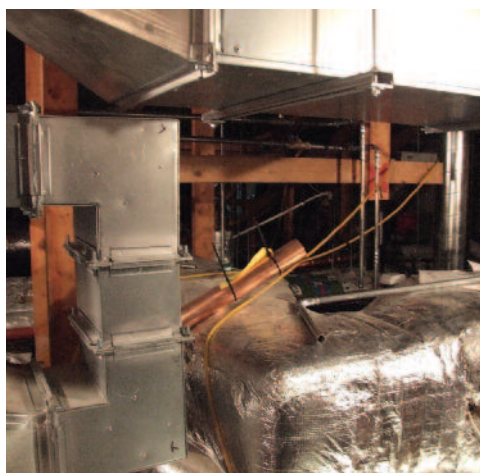

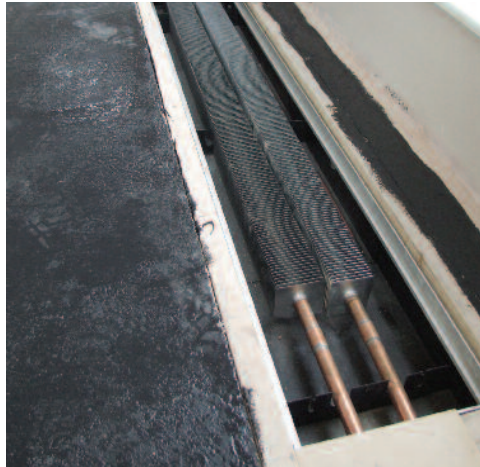

The program was twenty six weeks and our experienced in on-site management ensured that procurement and a close working relationship with the mechanical consultant was necessary in delivering the project on time.

Project resolution

The project was successfully completed - including hand over demonstrations - in March 2012.

Projects costs

380k
